

Every year in Wisconsin, nearly 600 children and adults are killed with guns, leaving families and communities devastated. Strong research and compelling evidence prove that we can prevent these tragedies.

The nearly 70,000 WAVE Ed Fund supporters shown on this map urge our elected officials to put the safety of our families and communities first and take action to prevent gun violence.

Wisconsinites, like most Americans, support stronger gun laws

The most recent polling of Wisconsin residents indicates that the vast majority of our state's citizens favor strong gun laws that save lives, mirroring results from recent national polls.

Requiring background checks for every gun sale

WISCONSIN	Marquette University Law School	Aug. 2019	80% Support
